FLIM-FLAM COCKTAIL TABLE

2 and 4 player

"Joy-Stick" control allows player **Horizontal and Angular**, as well as vertical control of Paddle. Players can rush the net, miss the ball, retreat and attempt second hit. Ball may also be hit two or three times on each side of net.

"Flim" and "Flam" activator buttons allow player to alter **speed and course** of ball. Used with "Joy-Stick" control allows every player to develop his own unique playing strategy.

Three paddle sizes As skill of players

increase, paddle size selection can be reduced by choosing either "Expert" or "Pro" sizes. This helps prolong interest and play in two ways.

- Helps eliminate boredom that sets in with other video games.
- Acts as an incentive for players to better themselves.
